- **AI:** Claude (Anthropic) | Copilot | ChatGPT | Grammarly | AI Workflow Automation

Languages: English (advanced), Ukrainian (advanced), Russian (native), German (beginner).

WORK EXPERIENCE

Hazeltree: Bournemouth, United Kingdom - hazeltree.com

Senior Technical Writer / Documentation Manager | *February 2018 - January 2026*

- **Technical Writing:** Architected and launched client-facing Knowledge Base (200+ guides across 18 product modules) and OpenAPI/Swagger portal (70+ endpoints). Created and managed Confluence portal. Established documentation standards and docs-as-code workflows, increasing content reusability by ~80% and reducing support workload by ~30%.

- **Leadership:** Led a team of technical writers and owned quarterly documentation release cycles. Integrated AI-assisted workflows (Copilot, Grammarly) into the documentation process, doubling delivery efficiency. Developed a Python automation script to streamline release-notes generation.
 - **User Experience (UX):** Collaborated with Product, Engineering, QA, and Support teams on feature planning, requirements analysis, UX content, API error messaging, and documentation strategy. Produced 50+ training presentations for internal teams and clients.
-

Hazeltree: Saint Petersburg, Russia - hazeltree.com

Database Support & Implementation Specialist | *November 2016 - February 2018*

- **Implementation & Support:** Managed Tier 2/3 support and implementation duties for enterprise treasury-management software. Led end-to-end implementation cycle for 10 clients, including configuration, deployment, testing, and production rollout.
 - **Servers' maintenance:** Provisioned and configured client Windows Server environments, including Task Scheduler, Active Directory, SQL Server installation, and performance tuning.
 - **Database administration:** Administered SQL Server environments, authoring stored procedures and data-processing scripts while supporting ETL operations.
-

ETNA Trader: Saint Petersburg, Russia - etnasoft.com

Technical Support & Implementation Agent | *January 2016 - November 2016*

- **Client Support:** Provided technical support and system monitoring for an Order Management System (OMS), supporting broker connectivity, order routing, and FIX sessions.
 - **Implementation and maintenance:** Executed cloud and on-premises deployments, improving deployment reliability through XML-based CI/CD automation scripts.
 - **Technical Writing:** Developed and maintained an internal Confluence knowledge base, improved team productivity and knowledge sharing.
-

Intermedia Inc.: Saint Petersburg, Russia - intermedia.net

Level 1 Technical Support & Onboarding Engineer | *October 2012 - December 2015*

- **Technical Support:** Provided Level 1 MS Exchange administration and technical support, managing user accounts, permissions, and basic server maintenance.
 - **Onboarding:** Managed client migrations, user provisioning, troubleshooting, and end-user training across Outlook, ActiveSync, SharePoint, and unified communications tools (OWA, Hosted PBX).
 - **Technical Writing:** Authored customer-facing knowledge base articles and support documentation.
-
